

A low-angle, upward-looking photograph of several modern skyscrapers with glass and steel facades. The buildings are partially obscured by a dark, semi-transparent overlay on the left side where the text is located. The sky is visible at the top, showing some light clouds.

PECB Certified ISO 31000 Risk Manager eLearning Training Course

Understand the implementation
of a Risk Management framework
based on ISO 31000

As the world is moving faster than ever, technological developments have rapidly evolved and are redefining, among others, the way we live, learn, and teach. This expansive nature of the internet and technology demand new ways of adapting to this new virtual environment for all of us. As such, the use of new and more efficient instruments for delivering knowledge is continuing to grow across a broad range of industries. This way, eLearning has become the tool of choice for learning and teaching worldwide.

The ISO 31000 Risk Manager eLearning training course helps you acquire the knowledge and ability to integrate the risk management guidelines of ISO 31000 in an organization. It provides information with regard to the risk management principles and their application, as well as the core elements of the risk management framework and steps for a risk management process.

Meet the Trainers

Our eLearning training courses have been catered to meet each individual's needs and have been designed with the aim of transcending spatial and temporal restrictions. Each eLearning training course is delivered by several experienced Trainers from all around the world, and is divided into several video sections and subsections.

Videos contain animations to support what the trainer is lecturing — the animations correspond to the sections provided in Microsoft PowerPoint in the traditional mode of training. To keep our candidates engaged, we have incorporated quizzes

Here are the trainers that deliver the ISO 31000 Risk Manager training course:

Ms. Carolina Cabezas
Compliance Director at PECB

Mr. Stephane Martin
Expert in Risk Management

Ms. Rinske Geerlings
Managing Director at Business As Usual

How does the ISO 31000 Risk Manager eLearning experience look like?

Our ISO 31000 Risk Manager eLearning training course is delivered on the KATE app. Once logged on using your PECB account, you will be able to browse through the sections of the ISO 31000 Risk Manager training course.

In addition to having the training course content in video format, you will also be able to access the regular training course materials format structured in different training course days with the additional files available in an editable format (depending on the training course, the case study, exercises, and exercises correction key files will also be available).

In addition to the lectures and the training course materials, quizzes have been incorporated into the KATE app. to ensure that our training courses are as interactive as possible.

- ✓ Take the training course
- ✓ Access the materials on KATE
- ✓ Enter the exam at your most convenient date, time, and location via PECB Exams

How can you benefit from the PECB eLearning experience?

Our eLearning training courses have been designed to meet the needs of diverse learners who have different learning preferences and/or limited time to attend a training course session.

Here are some of the main benefits of the PECB eLearning experience:

- ✓ The fact that the entire training course and examination is carried out electronically (hence the “e” in eLearning) means that all you need in order to access these training courses is a device (e.g., computer, tablet, smartphone), working internet access to connect the device to, and the KATE application.
- ✓ Having access to the training courses 24/7 enables you to dictate the pace of your study. You do not have to worry about schedules, traveling, and accommodation, or having to take days off from work.
- ✓ The unlimited access allows you to go back to any section of the training course as you need them.
- ✓ Every training course consists of several video sections. This was done with the sole purpose of making the information easy to receive and process; think of the podcasts that we listen to while commuting, for instance.

Simply put, the eLearning training courses are a convenient way to effectively enhance your professional skills. Your virtual classroom now is KATE!

Why should you attend?

Risk has a constant presence in the business world. Its presence reflects the need for competent professionals who have the skills and knowledge to properly deal with them. Risk management, in the other hand, is a key driver for success and an important part of strategic and operational planning, management decisions, and governance.

ISO 31000 will guide you toward identifying potential risks that could endanger the achievement of crucial objectives. In addition, it will help you to determine which risks are essential to tackle in order to achieve primary objectives before they affect the business, while effectively keeping all other risks under control.

This eLearning training course will enable you to structure a Risk Management Framework based on international best practices which facilitates the identification, analysis, treatment, assessment, and evaluation of risks that are or can be faced by an organization. In addition, it provides the basic approaches, methods, and practices for assessing risk in a wide range of situations.

After attending the eLearning training course, you can take the exam. If you successfully pass it, you can apply for a "PECB Certified ISO 31000 Risk Manager" credential, which demonstrates your ability and practical knowledge to implement a risk management framework in an organization based on the guidelines of ISO 31000 and industry best practices.

Who should attend?

- ✓ Managers or consultants responsible for the effective management of risk in an organization
- ✓ Individuals seeking to gain knowledge about the risk management principles, framework, and process
